

DD1IM, Sascha:

Hi dr estonian ops, now I enjoyed my 3rd ES Open Championship test es hpe cu(agn) all. As I have written before: the ES Open is one of my favorite tests!

Unluckily I lost a lot of time during the preparation due to an apparently damaged keyer/cat-cable for it won't trigger up the rig to send.

Hrd some more ES, but no real chance wid around 80w & toy antenna portable w3 @ 7/1 mtrs. Hard work on 80m due to a parallel contest, but I did meet agn some ES-friends - ufb!!!

Tnx 2 all ops for qsos es ERAU for contest & work, vy 73, gl es cwfe de Sascha DD1IM (member of DARC, DOK K27)

DL-P01-17291, Wolfgang:

Participated your contest for the first time. Hope to log somewhat more in the next year.

RX: Drake R8A, 20m-longwire

ES1AN, Andres:

Fail võistlusest lisatud. Jõudu raskes töös neid kontrollida.
Palun arvestada minu tulemus lisaks ka klassis F seoses kuulumisega Põhja Eesti Raadioklubisse.

ES1AO, Teo:

Sa kiitsid kenasti kujundatud log'i. Ma hakkasin vaatama, mis seal siis kena on ja leidsin hoopis vea: ma olin osa raporteid jätnud kopeerimata.. Saadan uue logi, eelmine vigane kustuta ära! 73!

3,5 MHz: IC-706, 100W, dipole 18 m up
7 MHz: IC-730, 100W, dpole 7 m up

ES1CW, Arvo:

Sorry - klubiline kuuluvus jäi märkimata: <Põhja-Eesti Raadioklubi>...

ES1IP, Raul:

YAESU FT-900 100 W, dipole, vertical

ES1LS, Harald:

FT-890 - 100W; delta 80m, dipole 40m

ES1QX, Eduard:

IC-706, dipole

ES1RA, Oleg:

IC-746, PA 400W, Delta Loop

ES1UA, Vitali:

IC-706, Delta Loop

ES1WN, August:

YAESU FT-920, PA 500W, dipole, vertical

ES1WW, Oleg:

IC-746, PA 400W, Delta Loop

ES2BH, Veiko:

IC 7400, Delta.

ES2DJ, Toivo:

IC-7000/PA-1KW; IC-735/PA-600W; Antennas: Skywire Loop, dipole; SO2R

ES2EZ, Jüri:

Jõudu ja 73!

ES2MC, Arvo:

Tänu ja 73!

ES3VI, Villi:

CW mehi tuleb juurde... tõenäoliselt Viljar, tulevane ES3VL, kes nüüd ES1XQ-s innukalt CW-d õpib.

ES4NG, Valdek:

Tervitus auväärt kohtunikele! Võistluse pidasin ilma masina abita käsilogi pidades. Üritasin tulemuse kuidagi arvutile suupärasemaks teha. Loodan, et saate sest kuidagi sotti. Jõudu ja edu soovides: ES4NG

FT-920 100w, Delta 84 m

ES5RW, Rein:

Andsin sidenumbrit #221 kogemata kahel korral välja, korrespondendid pidid ka nii vastu võtma. YL2GD-le pidanuks andma #222. Kui saadetud number klapib kokku vastuvõetuga, siis peaks see side mõlemale arvesse minema.

ES5TV, Tõnno:

Saadan uue logi, ühe ES6Q SSB side rst oli 599 miskipärast. Nüüd korrektne logi.

ES6KW; Kundar:

Power ca 5W. Maru vahva oli, kui kõva häälega mehed kõrvu kikitasid ja korrutasid, aga muidugi ise ka pidin olema kui papagoi.

ES6PA, Andres:

TS-480SAT, Inverted V

ES8DH, Robert:

Alinco DX-70 TH, 80M Dipole, 40M Delta-Loop vert, DX-88 m/band, 40M

ES8TJM, Alev

IC 706, 80M Delta loop & 40M Delta loop

ES0QD, Vello:

YAESU FT-920, PA: 500W, 80 ja 40 meetri Dipolid.

G6MC, Mark:

Thanks for great contest.

TS-940, 80m 4 Square, 40m Vertical

G0DVJ, Jonathan:

First time ES contest entry. Thanks for organising nice contest.
Yaesu FT1000MP & FL2000B, dipoles.

HB9AON, Diethelm:

I worked from my HB9 QTH in ES Open. Al QSO with Magnetic loop with 80 cm diameter on balcony. Best regards, DJ2YE

Engelberg April 2007

LY1C, Vidas:

FT-990 100w, dipole

LY3BB, Rimas:

73! See you next year.

LY3DA, Darius:

Tnx for nice contest. CU in Baltic Contest

LY3ZM, Rolandas:

See you in the next time.

OH6JYH, Harri:

Hello, here is my ES Open 2007 log. This was my first outside Finland competition. And I like it. SD-log program was good and simple to first time user (I hope the log file is OK...).

Thanks and 73!.

OH7JR, Jarmo:

Here you are, my score from OH-land: 34 QSO, 68 QPTS, 10 MULT

ONL3647, Geo:

It was real fun too take part for the second (or third??) time in the ES OPEN HF championship. I take part in the SWL class, using a Kenwood R5000 and a simple long wire of 45 ft. Conditions were rather strange, with only 2 stations heard in the second hour. I work only SSB. The score is better as previous year, maybe an other second place... Thanks for the nice award for ES Open HF 2006.

This year I heard 54 stations and 59 multies, so I think my score should be 1566 points.

RA9XU, Michael:

FT 840, dipole.

RV4LC, Valentin:

Very low activity of ES-stations. Bad propagation. Thanks for the contest. IC-718, dipole.

RW3AI, Valery:

Icom 7800, LW & CP6

SM5CSS, Allan:

I hope this cabrillo log is OK for you and I hope your log checking program indicates duplicates and count the points and multipliers for the final score!

Actually, I didn't and don't understand the rules for mutipliers! If I work ES5RY on 40cw and 80cw, then I can't work ES5RY in the same period to get the phone multiplier??? I was confused when some stations said it was a duplicate contact!

I thought counting multipliers started from 0 in every period, but probably they count once in all periods together!

Please help me and don't disqualify me because I am not sure how to summarize it to a final score! Excuse me, I am too old and dumb to work contests, I ought to sit in the park feeding birds instead HI!

It was nice that there were so many ES-stations active and I really enjoyed the time! It was the first time I joined this contest!

SM6BSK, Nils:

I think you should ask some of the operators to study the rules closer. I got some WKD B4 even if it was a new hour!
IC 756 PRO II, 2x20 and 2x10 m dipoles

SM6CRM, Claes:

I participated using SD as the log program but it seems not to work very well with scoring and I managed only to create a cabrillo file. If you can't use my log I apologize.

SM7EH, Gösta:

FT 1000MP, dipole.

SP1AEN, Wladyslaw:

TS-940S 20 watts; long wire.

SP6BAA, Jerzy:

UA6HFI, Nikolay:

YAESU FT 920, 100W, Windom

UA2FL, Vyacheslav:

TS-940SAT,GP,Inv.Vee

UA3LHL, Sergei:

MNY TNX FOR THE NICE CONTEST! CU NEXT YEAR. 73's!

YL2CR, Juris:

I send my log in two modes, You can choose the best useful. Thanks for the contest. I think it will be better to start the contest at 4. 00 UTC.

YL2PP, Tom:

ICOM-751A, Delta 159

YL3AD, Janis:

Might be it is so late to send my log, but anyway, here it is! Thanks for contacts during BC2007!

YL3DX, Alexander:

IC-746 PRO 100W; dipole

YL5M, Viesturs:

TS-180S, delta loop 3,5-7 MHz

YL/ES7AGW, Priit:

IC-706, Inverted V

YU1EA, Dušan:

I hereby send the log for the contest ES Open and at the same time I would like to invite you and your society to take part in the 7th World HST championship in Beograd, from Sept.19-23rd (www.hst2007.org). Your HST team is welcome in Serbia.

YU1EQ, Bata:

I was busy not worked all 4 periods ,all the best.
